PUBLISHING AGREEMENT

This agreement is between you ("the Author") and Dragonpublishing.net ("Dragonpublishing.net" or "publisher"), for your book ("Work").

Copyright Notice:

All copies of work will contain a copyright notice in the name of the author.

Warranties:

The Author represents: That he/she is sole owner of Work. That he/she has not assigned or pledged the rights to Work. That he/she has full power to enter into this Agreement. That the Work and rights are free of liens, claims or interest. That the Work is original. That the Work does not violate any personal or proprietary rights. That the Work is not libelous or obscene. That information contained in Work is accurate and not injurious to the reader or any other party.

The Rights To Your Work:

The Author acknowledges and agrees that Dragonpublishing.net acquires no right of ownership to the Work; that Dragonpublishing.net is a provider of limited services only and assumes no responsibility for reviewing or correcting the content of the Work.

Author's Royalties, Book Pricing & Discounts:

Your paperback and hardcover royalties are 83% of the payments received by Publisher from sales of your book. These payments are equal to the cover price less trade (wholesale) discount, less the single-copy printing cost (this is the profit margin of the transaction). Royalties are distributed by mail. No royalty will be paid on author purchases.

Example: Someone purchases a copy of your 210 page book at Barnes & Nobles and the cover price of your book is \$14.50. Subtract Barnes & Nobles 55% trade discount (\$7.98) and subtract the printing cost (\$4.05), the remainder (\$2.47) is the profit margin, 83% of which (\$2.05) is the royalty paid to you.

Authors may purchase copies of their own title, in any quantity from Dragonpublishing.net, at the current printing cost plus 10%, plus the actual shipping and handling.

Note: Printing prices are subject to change as market conditions and costs warrant.

Dragonpublishing.net prices books based on finished page count, however, we will consider special pricing requests whenever possible and if we feel the book is still within market value.

Quick Start Guide

Publishing your book with Dragonpublishing.net is easy. Record the publishing package of your choice and any add-on services you want on the Order Form. Mail this to us along with a signed Publishing Agreement and your submission materials. **You can e-mail this to us, which will speed things up, at submissions@dragonpublishing.net**

Please make sure that you've read through the following instructions for text and image formatting and you've thoroughly proofread your manuscript; it should not require any corrections or alterations when we receive it (unless of course, you've selected an add-on service such as Copyediting).

Step 1

Prepare your book for submission:

Please submit your entire book in a single word processing file, if by mail it must be on a CD or diskette, preferably in Microsoft Word or WordPerfect and in PC format only, we do not use Macintosh. If you use a different word processor, please save your file in the RTF (Rich Text File) format. If your book is too large to fit on a single floppy disk, split the file into parts and send multiple disks, labeled with the contents. We can process PC formatted 3.5-inch floppy disks, and CD-ROM's. Label each disk with your name, telephone number, and the title of your book with a notation if the book is split into parts (for example: "your book's title" part 1 of 3 etc.). Please pack your disks inside protective wrapping or a disk mailer for safety, and be sure not to send the only copies of your book or images.

Disk-based images can be sent on 3.5" floppy, or CD-ROM, and should have an image resolution of 300 dpi or better. If images are to be included throughout your book, make sure you have carefully identified the locations in the text where they are to be placed. Please do not embed (paste) images into your manuscript. **All of the above can be sent via e-mail to submissions@dragonpublishing.net, which will greatly speed up the process. You can FAX your agreement and order form to (800) 941-5766.**

Write the following summaries using your word processing program and save them as separate files:

- Author's Cover Bio: 100 words or less. A short, one-paragraph description of yourself that will appear on the back cover of your book (or inside flap on hardcover editions)
- Book Summary: 100 words or less. A brief description of your book that will appear on the back cover of your book. The objective here, is to stimulate interest in your book without going into detail.
- If you want an author photo on the back cover, please provide.

Important: If you are including tables in your book, make sure they are sized properly for the books trim size. Our standard trim size is 5.5 inches in width by 8.5 inches in height. Taking page margins into consideration, your tables should be no larger than 3.75 inches wide by 7 inches tall.

Step 2

Formatting your text:

Text formatting should be minimal and only done by your word processor's built-in tools. Dragonpublishing.net will lay your text out to specifications and handle formatting for you. Please make note of the following before submitting your book:

- Where possible, replace underlined text with italicized text.
- Do not use Wingdings, symbolic bullets or characters unavailable within the normal character set (this includes symbols of any kind). If you want to bullet any part of your text, do so with standard bullets.
- Do not use any traditional manuscript format (i.e., your name and the page number on every page). When Dragonpublishing.net creates your book's layout, that formatting will be done for you.
- When you wish to begin a new paragraph, just hit the return key and begin your new paragraph.

Step 3

Formatting your images:

Disk-based images can be sent via email or on 3.5" floppy disks, or CD-ROM, and should have an image resolution of 300 dpi or better. If images are to be included throughout your book, make sure you have carefully identified the locations in the text where they are to be placed. Please do not embed (paste) images into your manuscript as it will corrupt the layout.

Images can be color or grayscale and saved as TIFF, JPG, GIF or BMP files in your image processing software. Note: Some color variations between your individual monitor calibration and devices used to reproduce your image(s) will inevitably occur and are beyond our control.

Make sure the image resolution is at least 300 dpi and that any images intended to go inside your book are sized correctly. IE: Our standard book trim size is 5.5 inches in width by 8.5 inches high so allowing for page margins, your interior images should be no more than 3.75 inches wide or 7 inches tall.

- Save all image files as separate files named consistently for placement in your book.(ex: picture1.tiff, picture2.tiff, etc.)
- Place a marker in your text to let us know exactly where you would like the image to be placed (ex: <picture1.tiff>).
- Make sure any captions for the images are within the text directly following the marker.

Do not embed (paste) picture files into the text of your book. Remember to properly size any image that will go inside your book!

A note on interior images:

Interior images will not be of high reproduction quality. If you require more control of interior image quality, we suggest your project may be better suited to offset printing.
